"Let a man examine himself, and so let him eat of that bread, and drink of that cup," wrote Paul to the Corinthians. This verse constitutes the Golden Text in the Sunday Lesson-Sermon on "Sacrament" in all Churches of Christ, Scientist.
A Scriptural citation from Luke describes Jesus' betrayal into the hands of the chief priests and elders by Judas, one of the twelve. Jesus said to Judas, "Betrayest thou the Son of man with a kiss?" His followers, perceiving that their Master was betrayed, said, "Lord, shall we smite with the sword?" "And," the report continues, "one of them smote the servant of the high priest, and cut off his right ear. And Jesus answered and said, Suffer ye thus far. And he touched his ear, and healed him."
Mary Baker Eddy, in the Christian Science textbook, "Science and Health with Key to the Scriptures," contributes these passages to the Lesson-Sermon: "Peter would have smitten the enemies of his Master, but Jesus forbade him, thus rebuking resentment or animal courage. He said: 'Put up thy sword.' "There is too much animal courage in society and not sufficient moral courage. Christians must take up arms against error at home and abroad. They must grapple with sin in themselves and in others, and continue this warfare until they have finished their course. If they keep the faith, they will have the crown of rejoicing."

There's nothing like work in the open to develop a terrific appetite—that's one of the virtues of being a "Victory Vacationer" in being to harvest Pacific Coast crops, like these boys are doing. They're having "chow" at Y. A. C. A. camp at Loomis, Placer County, Cal. They're from Oakland.

Until 1832 a little-known but interesting spot in the sub-basement of the U. S. Capitol the remains of George and Martha Washington was intended as a tomb for [Martha Washington].

Want to know how to save lots of time in your food shopping?

The answer to the above question is—Plan your menus ahead of time! Planning meals in advance not only saves you time, money and trouble, it is, today, practically your patriotic duty. For today every minute must count—every meal contributes to health and morale. These few tips suggested by the Safeway Homemakers' Bureau, should help in your menu planning.

Tip No. 1—Plan menus several days in advance, a whole week if possible, so you'll see your food picture as a whole. Then check to make sure you've included plenty of variety and a balance of foods needed for good nutrition.

Tip No. 2—For good nutrition, each day's meals should include at least a pint of milk for adults, a quart for children; an egg per person, or at least 2 to 4 eggs a week; some enriched or whole grain bread or cereal; a tomato or citrus fruit or their juices; another serving of fruit; at least two servings of vegetables besides potatoes, one preferably green, leafy, or yellow; a serving of meat, fish, chicken, or sea food; some butter or vitamin A fortified margarine; and whatever desserts and special treats you like.

Tip No. 3—Even the best food tastes better served attractively. Be sure to include in every meal a pleasing contrast of shapes, colors, and textures, as well as contrasting temperatures and flavors. A well-known nutritionist has said that if you are color-conscious and include food that's white, green, yellow, and red in each day's menus, your vitamins and minerals will take care of themselves.

Tip No. 4—Plan menus on a regular, definite day in the week, whenever's most convenient for you, and allow yourself plenty of uninterrupted time to do a really good job.

Tip No. 5—It's more fun to plan meals when you're a little hungry, and your ideas may be better then, too.

Tip No. 6—Many homemakers find it easiest to plan breakfasts for the week first, next dinners, and finally lunches or suppers. This scheme lets you check over breakfast and dinner for each day before planning the third meal, so you can make sure it completes the nutritional picture.
